

SECURITY
SERVICES

TOTAL SECURITY SOLUTION

Limitless ways to secure your people, property, and profits.

Burglar and Fire Alarm Systems

Per Mar Security Services uses the latest electronic technology in designing your intrusion and fire alarm system that can also monitor carbon monoxide and much more.

Integrated Access Control/CCTV Systems

Per Mar has the expertise to design, install, and service comprehensive, state-of-the-art security solutions whether it's the latest video, badging, access or CCTV.

Uniformed Security Officer Services

Per Mar provides security officers for permanent and temporary assignments, as well as for labor disputes, patrol and alarm response service.

Event Management Services

Per Mar's Event Management Group specializes in providing ticket takers, ushers, gate attendants and more for events of all types including concerts, fairs, festivals and sporting events.

Business Investigation Services

Per Mar's capabilities include background and pre-employment screening, undercover operations, worker's compensation claims, covert electronic surveillance and fraud.

Security Consulting Services

Per Mar has the ability to provide enterprise support for security programs including security strategies, planning, seminars, surveys and assessments.
